

PUBLIC INFORMATION SESSION

OPTIONS FOR REMEDIATION OF STURGEON BAY WATER QUALITY

WHERE: Pointe au Baril Community Centre
WHEN : July 27th, 2008 at 10 :00 am
BBQ and Annual General Meeting to follow hosted by the
Sturgeon Bay Pointe au Baril Ratepayers Association

The Township of the Archipelago, in partnership with the Sturgeon Bay Pointe Au Baril Ratepayers Association, will be holding a Public Information Meeting to discuss the results of the final draft of the Gartner Lee Water Remediation Report. At this meeting, representatives from Gartner Lee will be available to present the various remediation concepts as well as the cost and ramifications of these possible remediation ideas.

Though this meeting will not be definitive in its results, it will provide a venue to discuss the report and possible solutions to the water quality of Sturgeon Bay. It is understood that the ideas presented are only possible solutions, and may not ultimately be the recommended method of choice.

Public input is important at this stage of the process, and all ratepayers are encouraged to attend this important meeting.

If you are unable to attend you can e-mail your opinion to Greg Mason (gbggreg@gmail.com). Copies of the final first and second reports as well as the draft third report can be viewed at the Township website

(www.thearchipelago.on.ca) or the Sturgeon Bay Pointe Au Baril Ratepayers Association website (www.oursturgeonbay.com).
